

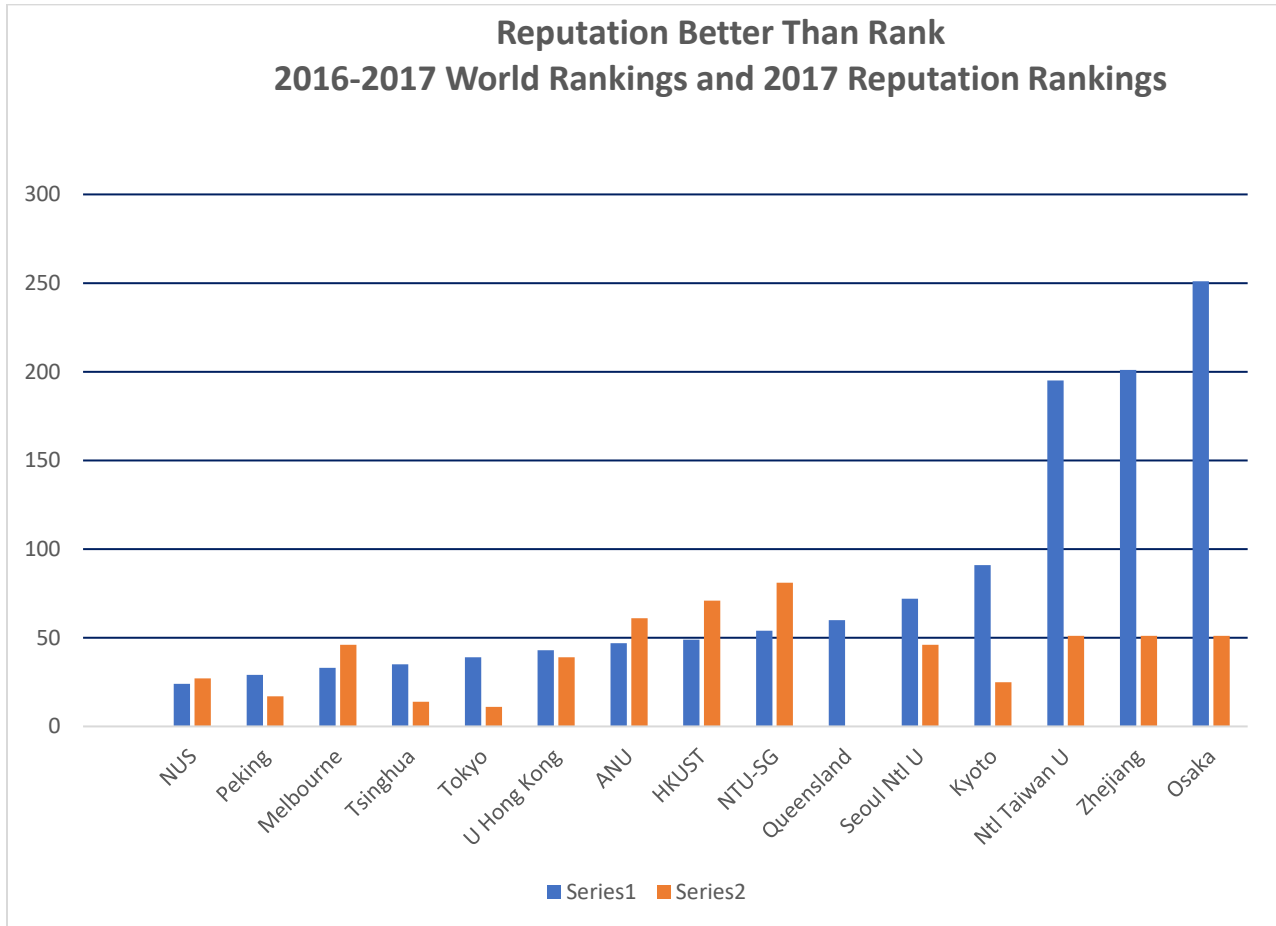

Figure 27.2. Comparison of Reputation and World Rankings.

Includes Tables 27.2.a and 2b.

Blue - World University Rank – 2016-2017 Red: World Reputation Rank – 2017

Since this is a chart of rankings, the lower the rank the better. Nine of the 15 Asia-Pac universities in the top 10 in the world or reputation rankings had better reputation than world rankings.

See Table 2a below for data
